

Please dismiss the CBA's request. The No-call telephone list is great for Indiana--we do not want our phone ringing with solicitors. It is a very big nuisance--when the phone rings after working 10 hour shifts at work (I am exhausted). I need time with my family and children rather than answering the phone for solicitors. We have a right to our PRIVACY. Attorney Steve Carter has done the right thing for INDIANA--Please keep the No-Call List Alive and keep the Banks from calling us at home.
